Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

i have a track phone so i can use it only when i need it.if you raise these rates i will not be able to have a cell phone. i have a small child and feel that i need it to be able to call for help when ever necessary.i do not use my phone for every call i make that is why i have a phone at home.you will not be able to call me on my cell phone because i only turn it on when i need it.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
